

WORLD
RADIOTHERAPY
AWARENESS
DAY 7 SEPT

ABOUT WRAD

One Voice for Radiotherapy

World Radiotherapy Awareness Day (WRAD) is a global campaign dedicated to raising awareness of radiotherapy as a vital cancer treatment. It unites patients, healthcare professionals, organisations and policymakers to advocate for universal access to radiotherapy, regardless of where individuals live.

Radiotherapy helps cure cancer, relieve symptoms and improve quality of life for millions of people around the world.

WHY RADIOTHERAPY MATTERS

OVER HALF
of people with cancer
require radiotherapy

NEARLY HALF
of all cancer cures
involve radiotherapy

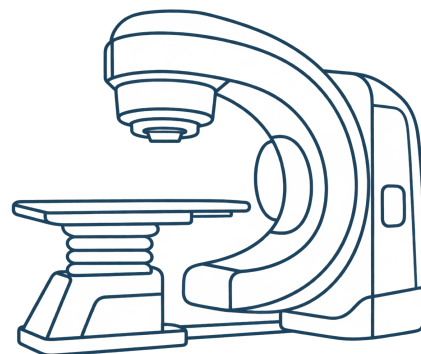

OVER 200 MILLION
people live in a country
with no access to
radiotherapy

ONE MILLION MORE
lives could be saved by
improving access to
radiotherapy

1 in 3
children diagnosed with
cancer will need
radiotherapy

WRAD AIMS TO

Raise Awareness

Highlight the need to
improve global access

Educate and inform

Recognise the
radiotherapy workforce

Every patient, everywhere, deserves access to safe,
effective radiotherapy.
